Traditional Spanish cuisine with a modern flair

The background of the entire page is a photograph of several champagne flutes filled with a bubbly beverage, topped with a dollop of cream and garnished with pink rose petals and small green herbs. The glasses are arranged in a cluster, with some in sharp focus and others blurred in the background. A large, white, semi-transparent circle is centered over the image, containing the text "EVENT MENUS".

WINE & CAVA

Wine and Cava have been a part of commerce and dining in Spain for thousands of years. Over the past 30 years the modern Spanish wine revolution has taken place, with many non-traditional regions gaining great exposure. During the past decade and a half, the number of designated Spanish wine regions (Denominaciones de Origen or DOs) has grown by over a third. We are delighted to offer you a selection from both traditionally renowned areas as well as the up-and-coming and most recent award winning regions.

Our vintages change annually, so please contact us for our latest lists. However, all of our wines are sourced from the following regions:

PENEDÈS

This is our local wine region in Catalonia and where we source our white wines and cava. Penedès received the Designation of Origin classification in 1991, becoming one of Spain's most famous regions. The Penedès is widely acknowledged to be home to the most modern and innovative of Spanish growers.

Our cava is sourced from the award winning Capita Vidal Vineyard. Which has received numerous gold medals for their high-quality vintages.

PRIORAT

Alongside Rioja, the Priorat region has received the highest classification of wine growing by Spanish standards. It is located in the southwest of Catalonia, and produces full-bodied, powerful red wines.

MONTSANT

Another excellent Catalonia wine region. It is similar to the region of Priorat, however since it is a small and relatively unknown, it has excellent value in the wines produced. Some varieties include: Cabernet Sauvignon, Carignan, Grenache, 'Hairy' Grenache, Merlot, Mourvèdre, Red Picapoll, Syrah and Tempranillo.

RIOJA

Rioja is one of Spain's oldest and most world famous wine regions. Although it is not located in Catalonia, we do source a variety of red wines from the area, as they are simply excellent wines. The distinct characteristic is the use of oak aging. Depending on the aging process, there are stronger Gran Reservas as well as younger and lighter Riojas available.

RIBERA DEL DUERO

The Ribera del Duero region is located in central/northern Spain and is almost exclusively a red wine producer. In particular, the region is famous for Tempranillo, but also produces other varieties. As with Rioja, there are many options available based on the aging process.
